**Due to the purchase of the Inland Conveyor Trailer, the scheduled dates are tentative and could change based on weed activity and weather.**

**When Harvester is operating, the launches would not be blocked for approximately 30 minutes for unloading.**

**In addition, the mobility and speed of the conveyor trailer will allow the public launch (Ackerman's) to be utilized for half the lake, thereby reducing the usage of the CBAI launch by 1/2.**

**Any schedule changes will be communicated to CBAI membership 3-days in advance.**
